

Fifty & Beyond...continued

be hosting the Fall Meeting for the Northwest Region on September 25th in the Legion. The reason for this reminder is to get our members thinking of activities we might do in the afternoon after our meeting and lunch. Hopefully some of us will have taken part in or heard of some new novelty games to entertain our visitors. The Central Plains Seniors Games will be in Arborg this year. Harry Lazor and I won second place at the playoffs in Oakville. We are going to see if we can do as well or even better there and maybe win for our region.

It was nice to have Inez Rinn back with the group as she was off her feet for quite awhile.

We would also like to wish Roger Leclerc a speedy recovery after accidentally breaking his heel.

Everyone is anxious to see you back on your feet again soon Roger.

Well I really haven't anything else to write about this time. I hope everyone enjoys this nice weather and will have a good summer.

Talk to you soon,

Teri

Church News

News from Here, There and Anywhere

Reporter Teri Soos

Hello again. I hope you all had a nice Mother's Day. We hear of Moms being treated to breakfast in bed with flowers and gifts but I really don't know of any woman getting that kind of treatment. If by chance you are one who does get that kind of treatment first I'd like to know who you are but most of all I would like to say "Good for you, I hope your husband and children keep up that great tradition." On behalf of all those who work on this paper we hope you all had a **great day!**

I know that many of you are remembering how things were at this time last year as we all wondered what to do against the rising waters. Now this year we are asking for a rain just to get things growing. We have had a bit of rain but it's far from enough to sustain the plants till harvest. The long range forecast does say we're to have our usual amount of rain so let's hope it is on target this year. Just this afternoon we had quite a windstorm with dust flying high and I see on the news there are some very serious forest fires. We have had quite a few grass fires in our area and with all the tall grass everywhere from last year. I hope everyone will be very careful with fires. Let's look out for each other and not cause anyone any more grief through plain carelessness.

We had a lovely Mother's Day Tea with a number of local mothers having their families home to celebrate with them. Velma Vereb who had been to Kenora to visit with her daughter Yvonne and family for a few weeks got home on May 12th. Her daughter Yvonne and granddaughter Briana brought her home and enjoyed the Mother's Day Tea with
